

Shortlisted Options

- Option A
- Option B
- Option C
- Option D

Legend

Route corridor widths:

Option Corridors are displayed as 200m wide and do not represent the actual width of the scheme but indicate the lands within which a scheme may be built, and where walkover surveys, studies and design work will be carried out in next stage of the Project.

Junctions:

Potential junction Location - Configuration and Layout to be determined as part of the ongoing design and assessment process.

Junction Option tie-in Location - Configuration and Layout to be determined as part of the ongoing design and assessment process.
